—It is claimed that a Perrysburg lady who has a class of boys in Sunday school the other Sunday had a lesson that brought up the word "crisis." She asked the class if they knew what crisis meant. None of them did except one youngster, whose mind was evidently away from the Sunday school classroom, for he answered: "A crisis is when two are gone with the bases full and a poor batter up."

COUNCIL DOINGS.

At a special meeting of the village council held August 15, a resolution was presented and adopted that the franchise of the Toledo, Bowling Green and Fremont Ry. Co., be declared forfeited and the clerk was notified to inform the Toledo & Maumee Valley Ry. & Light Co., who are said to be successors to the above company.

An ordinance was also introduced to prohibit the blowing of steam or compressed air whistles upon cars or engines of electric or steam railway companies within the village of Perrysburg. This ordinance was tabled until a special meeting should be held.

FIRE AT MAUMEE.

Maumee was visited last Friday noon by what bid fair to be a disastrous blaze when fire was discovered in an old barn adjoining the American House on Conant street. Considerable delay was caused in installing new batteries in the fire engine before it could be operated. In the meantime the hotel had become ignited and nearly the entire population of Maumee had formed themselves into a bucket brigade and were working frantically to subdue the fire. Toledo was telephoned to for aid but before No. 11 arrived the Maumee apparatus had been repaired and the fire was under control. Several received slight injuries from the fire.

It is thought the fire was caused by the colored men who had been using the old barn as a headquarters.
